Open Framework for Public Health Services Provider Event

Wednesday 26th September 2018
Welcome and Housekeeping

Helen Cruickshank

6:00 – Welcome
6:10 – NHS Health Checks
6:20 – Sexual Health
6:30 – Seasonal Influenza
Immunisation for eligible HCC staff
6:40 – Procurement
6:50 – Questions
The Open Framework

• Approved list contract is coming to an end in March 2019
• We need to put new contractual arrangements in place to ensure important Public Health services continue (NHS Health Checks, sexual health, flu vaccinations)
• Open framework is the mechanism that will enable us to commission these services
  – as simple as possible for providers
  – ensure ongoing access for Hampshire population
NHS Health Checks
*Sian Davies & Pete Dawson*

- Inviting 100% of eligible population over 5 year period
- Continuing to use registered list as a basis for invite
- Practices will now be responsible for the invitations using methods that work best for the practice
- There will be a focus on increasing uptake by patients considered most ‘at risk’
- Payment will be based on the outputs from the health check
NHS Health Checks - implications

• Provision of component 1 service specification will cease
• Only providers with a registered list will be eligible to provide – this does not exclude sub-contracting
• Payment for invites integrated into payment for health check
• Increased payment for every standard Health Check delivered
• Further enhanced payment for every ‘at risk’ patient Health Check delivered
• Regular reporting to facilitate remuneration & analysis of impact
Health Check Notes

- Currently 50% uptake
- 0.56% of Health Checks are delivered by Pharmacies
- Component One of the Service Specification will cease on 31st March 2019
- Only those who have a patient list will be eligible to provide from 1st April 2019 though there will be an option to sub-contract delivery
- Practices will do their own invitations, these don’t have to be in letter format, they can be via text, email, pop up reminders at appointments for example
- Going forward, the main areas of focus will be on increasing uptake and clinical/lifestyle interventions for those most at risk
- Increased payments are available for those considered “at risk”. Payment for each Health Check delivered for eligible patients invited who are deemed “at risk” will be £33.
- “At risk” categories currently are:
  1) Live in an area of deprivation (most deprived quintile based on LLSOA)
  2) BMI of 30 or above
  3) Current smoker
  4) Family history of Cardiovascular Disease
- Payment for each Health Check delivered for eligible patients invited who are not deemed “at risk” will be £26
- A pilot of the new process is currently taking place; learning from the pilot will be shared as soon as possible
Health Check Questions

• How will the new Health Checks process work for GP Federations?
  GP Federations or Clusters are able to provide Health Checks. Providers must ensure the
completed Health Check is linked back to the patient record and that there has been an
output. Community Providers could be sub-contracted by GPs to deliver the Health Checks.

• Please provide further clarity around the Enhance Payment for Health Checks
  A £33 payment will be made for each Health Check delivered per invited “at risk” patient,
whether the patient meets one “at risk” criteria or all four.

• Are pharmacies eligible to provide Health Checks?
  Pharmacies are not able to provide the services alone. However they may wish to look at a
subcontracting arrangement with a GP surgery with a patient list. Sub contractual
arrangements are welcomed.
Level 2 Sexual Health Services

Rob Carroll & Gina Birkett

• Chlamydia Screening Services
• Emergency Hormonal Contraception
• Long Acting Reversible Contraception (LARC)

Open to providers who are not already commissioned by other organisations to provide these services to Hampshire residents
Chlamydia Services

• Current chlamydia screening services will not be recommissioned from April 2019
• Significant reduction in activity since 2015/16
• Increased availability and uptake of online STI self-sampling kits (including chlamydia) for asymptomatic residents through the L3 Sexual Health Service provided by Solent NHS Trust
Emergency Hormonal Contraception (EHC)

- Open-access community oral EHC service (all ages)
- Excludes providers who are already commissioned to provide oral EHC
- Service to be provided in line with local PGD(s) & pathways
- Completion of CPPE modules in contraception, emergency contraception & safeguarding (or equivalent) plus Hampshire EHC e-learning required and Hampshire Child Sexual Exploitation e-learning
EHC Service Specification

- Updated National and Local context
- Updated HCC strategic aims
- Removal of Chlamydia testing kit offer
- Child Sexual Exploitation risk assessment for all under 18 year olds
EHC Performance Indicators

• 100% under 18s offered referral to Level 3 Sexual Health Service for on-going contraceptive advice
• At least 50% under 18s referred to Level 3 Sexual Health Service for on-going contraceptive advice
• 100% under 18s receive a risk assessment for Child Sexual Exploitation (CSE)
LARC Service

• Fitting and removal of IUS/IUD and/or insertion and/or removal of Implant for contraceptive purposes only (all ages)
• Service specification updated in response to updated Faculty of Sexual & Reproductive Healthcare guidance
• Named Practitioners require current Letters of Competence (LoC) in IUT and/or SDI from FSRH or RCN
• Introduction of LoC SDI Insertion & Removal, LoC SDI Insertion Only and LoC SDI Removal Only
• No longer essential to provide a follow up visit for IUD/IUS
• Safeguarding – all U18s to receive Child Sexual Exploitation (CSE) risk assessment and mandatory duty to report Female Genital Mutilation (FGM)
LARC
Improving Access and Uptake

• Increase number of trained staff (suggested minimum of 2 per service)
• Increase opportunities for nurses to provide service
• Partnership arrangements with neighbouring services
Level 2 Sexual Health Notes

- The current Chlamydia Screening service and Chlamydia Testing Kits & Condom Distribution Services will not be recommissioned after 31st March 2019. The number of screens delivered under these services has decreased by over 50% since the introduction of online STI home sampling kits in 2015/16 which is a more cost-effective service model.
- The Emergency Hormonal Contraception (EHC) service will be recommissioned. Service is to be provided in line with the current PGD.
- Removal of Chlamydia Testing Kit offer, providers to signpost to online STI home-sampling service.
- Continued requirement for Child Exploitation Risk Assessment for service users under the age of 18.
- The Long Acting Reversible Contraception (LARC) service will be recommissioned. The service is for contraception purposes only.
- Practitioners must hold valid Letters of Competency
- There is no longer a requirement to provide a post-fit follow up after fitting IUS/IUDs.
- For sustainability, we recommend that each provider should aim to have at least 2 LARC trained practitioners. However this is not a set requirement. Providers are encouraged to consider the role of nurses in providing this service in addition to doctors.
- Partnership arrangements are welcome.
Level 2 Sexual Health Questions

- Will the EHC PGD include Ellaone?
  Currently the service only includes a PGD for Levonelle. We have been asked to look at the inclusion of Ellaone by the LPC. We have therefore future proofed the service specification so that additional EHC products could be added in if appropriate over time.

- Will pharmacies still be able to provide free condoms?
  Yes condom packs will continue to be made available to all pharmacies providing the EHC service.
Seasonal Influenza Immunisation for eligible HCC staff

Darren Carmichael

- For eligible Hampshire County Council staff* presenting with a ‘voucher’
- Operates during flu season, though vouchers are typically used Sept - Dec

*Frontline Health and Social Care Workers are encouraged to get vaccinated for via the NHS extended offer - the voucher is for other eligible staff
Seasonal Influenza Immunisation for eligible HCC staff

- Open to GPs & Community Pharmacy
- Fee per flu vaccine given
- Criteria exist for providers to deliver
  - Insurance, competence, safeguarding etc
- Not different to any previous year
Seasonal Influenza Immunisation for eligible HCC staff Notes

- Process remains the same
- Staff turn up with a printed voucher and receive the vaccine
- £13.50 will be paid per vaccine given
Seasonal Influenza Immunisation for eligible HCC staff Questions

- Where do those at risk get the Flu jab? (examples but not limited to; pregnant women, those over 65, those with weakened immune systems)
- They must get the vaccine via the NHS offer; this offer is for eligible HCC staff only.
Procurement

Chris Powner

- In-Tend (what it is, how to register and how to use it)
- The Process (getting onto the Open Framework)
- Raising any clarifications or asking questions
- The timetable we’re working to
Project reference **AS13272**
- Already attached onto project
- Process for viewing documents and submitting questionnaires
- If you are struggling to use In-Tend please call.
How To Attach & Submit Documents

1. If any mandatory documents have been requested, they will be shown in the My Tender Return section against a Red button.
2. If a Questionnaire is required to be completed, it will be shown in red and marked Not Started in the My Tender Return section. It is mandatory that any Questionnaire's must be completed.
3. To attach additional documents you wish to submit as part of your tender return, click the Attach Documents button under the My Tender Return section (if available). These will then appear in the My Tender Return section.

NOTE: Large files may take some time to upload.
4. When you have completed all the above steps and are ready to submit your tender return, click the red Submit Return at the bottom of this page.

Server Time: 05 Jul 2018 14:41:42  Due Date: 05 Jul 2018 12:00:00  Time Remaining: 18 Minutes 18 Seconds

Tender Details

Stage Name: Mini-Competition Documents
Closing Date: 05 July 2018
Project Title: T1 - 123456, GU35 ONT, Thurs pl/w
Project Description: Please see the attachment

Submit My Return

When you have completed all the above steps and are ready to submit your tender return, click the Submit Return button.

Note: You can only make one return for this stage.

Submit Return
Process

There are **two questionnaires:**

- one about your organisation and eligibility
- one about the services you wish to deliver

- You will need to complete **both**
- We’ve tried to make them as simple as possible
- We have asked **Yes / No** questions when possible
Unsure of anything?

• Read the guidance documents produced with the questionnaires
• Read the specifications
• Review published clarifications (available on In-Tend)
• **Please ask** – submit questions through the clarification function of In-Tend
Timetable

- Intention to publish the week commencing the 8th October 2018
- Always open once published for new applicants
- Will start awarding contracts from mid November 2018
- New arrangements to go live from the 1st April 2019
- To run for 7 years on a basis of 5 + extensions
Procurement Notes

• Project is on In-Tend reference AS13272 (same reference that providers used to inform us of attendance at the provider event)
• Phone number for help on In-Tend will connect to the Hampshire County Council Procurement Support Team
• Providers must click “opt-in” in order to view the tender documents
• There will be 2 questionnaires – one relating to your organisation/company registration and the other will be service specific
• HCC are currently looking to passport over generic questions into the new process (e.g. company number, so we don’t need to ask for information we already hold)
• There will be the facility for providers to self certify that staff have the required qualifications/certificates
• Background instructions document will be provided along with the tender documents on In-Tend
• Any questions must be submitted via In-Tend correspondence function
• The project will remain open for providers to join at any point in the life of the contract
• The services under the new framework will go live from 1st April 2019. HCC will be encouraging providers to apply as soon as possible to avoid any gaps in provision
• The framework will run for an initial 5 year period, with the option to extend by a maximum of 2 additional years
Procurement Questions

- On In-Tend it says the date to Express an Interest in the project is 30\textsuperscript{th} September 2018, please could you explain what this means? This relates to the current Approved List process, which is open for new applications until 30\textsuperscript{th} September 2018. This deadline does not apply to the new Framework.

- Will the presentation from the event be shared? Yes, we will share the presentation via email and on In-Tend along with the tender documents.
Any questions?
Thank you for attending
