

# CPCF Checklist

Thursday 15th August 2019

PSNC is working to provide as much information and as many resources as possible to help community pharmacy teams to understand the details of the new Community Pharmacy Contractual Framework (CPCF) agreement as they are finalised in the ongoing negotiations.

This email is one of a series of recommended actions for community pharmacy contractors to help you to get ready for the introduction of all elements of the five-year CPCF. There is a lot to do and details will be coming out in stages, so this email series will help guide you through the process and highlight all of the resources and support available to you.

## 3. PQS: Complete the required CPPE learning and e-assessments

The Centre for Pharmacy Postgraduate Education (CPPE) has published their four main learning and e-assessments linked to the 2019/20 Pharmacy Quality Scheme (PQS). Pharmacy professionals are therefore encouraged to make a start on completing the learning and e-assessments as the next step for participating in PQS.

Further information can be found in the news story published on the [PSNC website](#).
