Normal price for pharmacies in LPC areas not live with VirtualOutcomes - £64.50 +VAT

The HLP criteria state that a pharmacy requires a clear leader within the team who is responsible for creating an ethos of proactive health and wellbeing within the pharmacy.

This course is designed for anybody who wants to improve their leadership skills and supports them to encourage their team members to best use their expertise as well as helping them to create an environment that supports and mentors the team to deliver the pharmacies vision.

It is suitable for the leader of the pharmacy or as part of an individual's personal development plan and consists of 4 modules with a self-assessment at the end.
