Tomorrow (Friday 29th June 2018) is the June review point for the interim Quality Payments Scheme. Community pharmacy contractors are reminded to make use of the following tools to check whether their pharmacy is meeting the related criteria.

Please note, this spreadsheet is now accurate up to 27th June.

PSNC has produced a briefing which is directed at NHS community pharmacy contractors in England but also includes brief details on the requirements relating to wholesalers, as some community pharmacies have wholesale dealer's licences. Read the guidance at: ow.ly/8BgI30kHPEJ

Resource to support valproate medicines use

A joint resource has been published to support community pharmacy teams in helping women and girls who have been prescribed valproate medicines. Developed in partnership with a number of pharmacy organisations, including PSNC, the resource builds on the
